RE: Coverage and billing info.

To Whom It May Concern:

I have been notified that my health plan has been changed with your organization as my provider.

Please note that is my intention for Medstar (DC Medicaid) to be the **only** provider of healthcare insurance. Furthermore, I do NOT want any type of assistive services (health aides or social care) provided now or going forward. Additionally, I would like either monthly or quarterly statements to check for accuracy, and previous billing information from when last insured by your organization. If these requests cannot be met, please notify me as to why.

Sincerely,

Thomas Lambert
