RE: Supplemental Employment & DC medicaid (ACA) as only insurance

To Whom It May Concern:

This letter is to inform you of additional employment in addition to Marshalls. Due to the seasonality and my preference for increased income, I have obtained additional employment with Capital Concierge. My end goal is to have an annual yearly income of 28000.00 which will be under the DC threshold for Medicaid coverage under the ACA. Moreover, I am continuing to job search with the end result to be part-time employment with the previous specified income and a consistent, predictable schedule.

All other remitted information remains intact including NOT wanting any type of intermediary involved in order to circumvent my decisions. Nor am I in need of any type of assistive service. If and when this service is ever necessitated I want it delivered in an assisted living environment, no a private setting, and I will contact DHS in writing for their provision. Feel free to contact me if this needs clarification, in writing please.

Should there be any additional information that is relevant, please contact me.

Sincerely,

Thomas Lambert
